Salmon

Preheat oven to 425 degrees F. Season salmon with salt and pepper, or your favorite seasonings, as desired, and brush with 1/2 tsp. butter. Add salmon to a baking dish, skin side down, and bake. If the thickest part of the fillet is one inch, start checking for doneness at about 8 minutes. Thicker pieces will take longer. The salmon will be done when it flakes easily with a fork.

Salad

While the salmon bakes, melt 1 tsp. butter in a heated large skillet over medium heat. Add the onions, peppers, and kale, and sauté until tender, stirring often. Add 1/2 tsp. butter and mushrooms, and sauté for several minutes until tender. Add garlic, and balsamic vinegar, and sauté. The kale is done when it is deep green, but not wilted. Remove from heat, season with salt and pepper to taste, and place on a serving plate. Top with salmon and enjoy!
